## ART EXHIBIT AT THE O.C.W. STARTS FRIDAY

The annual exhibition of the association of Oklahoma Artists shown at the different cities throughout the state commencing with Oklahoma City and following with the University, is now at the Oklahoma College for Women. Friday, March 1st, from 2 to 5 p. m., will be the formal opening of the exhibition to the public and all are invited to attend. Admission is free and visitors will be welcome each afternoon excepting Sunday, at which time the exhibit will be taken to Tulsa.

## WILL MAKE TEST OF FIRE ALARM

A fire will occur tomorrow at 1:30 at the Netherhall blacksmith shop, 316 Kansas avenue. The fire alarm will be sent in to the fire station by the United States Automatic Fire Alarm system and every property owner in Chickasha is invited to witness this test.

The heat from the fire will turn in the alarm and the fire department will know the exact location of the fire, and be at the source of the fire before it has had time to do much damage.

## FOR NEXT LIBERTY LOAN

By United Press. Washington, Feb. 26.—The next Liberty loan will bear four and a half per cent interest. Representative Meeker declared on the floor of the house today. He said he had his information direct.

FOR SALE—Dining room table, chairs and buffet. Phone 340. 29-31

Mermaid's Uniforms. Elizabeth was looking at a fairy book, when she noticed two mermaids on a page the big sister had just turned over. She opened her big eyes and said, "Oh, sister, wait a minute. Let me see their beauty uniforms."

## Prof. Thrift Says:

Did you ever watch a squirrel gather nuts in the fall—

He teaches a lesson that's good for us all.

"The nuts just like dollars are banked in this tree.

If the squirrel is so thrifty, why not you and me?

## Carnival at High School Friday Night; Wonder Calf Jiggs, Maggy, Dinty, Et Al

"Hurrah, hurrah, hurrah, for the big show! If you want to see the one-legged calf, the only one in captivity, just wait a few days and you may have the pleasure, the extreme pleasure, if you please to cast your optics on such an animal."

Friday evening at the high school the public is invited to attend a carnival that will be put on by the pupils of the local school. The proceeds that will be derived from the carnival will go into the War Fund which the pupils of the high school have kept up since the beginning of the war.

There will be nothing missing at this carnival according to the word given out by the powers that be. Every kind of entertainment will be provided for those who like fun, sport and amusement.

The only one-legged calf in captivity, found in far off India, will be a feature for those who like to see the curiosities of the animal kingdom. The pupils consider that they are fortunate indeed to secure this phenomenal specimen of the animal world. This exceptional specimen is known throughout the world as "Ba-Rince." "For several months after it was brought to this country, it was kept in the zoological gardens at New York City," remarked a high school "speller." "But so wonderful and exceptional is the one-legged creature that it was decided to take it over the country that the people from every clime might have an opportunity of seeing the only one-legged calf that has ever been seen in the light."

"The calf was first discovered by De Granhoke, who was traveling at the head of an expedition into the wilds of India. When the exploring party first saw the wonderful specimen they thought they had discovered a new member of the animal kingdom but after a thorough investigation had been made they found that it belonged to the class of cat in the animal world. It was found that all of the limbs except one were but partially formed."

"Captain De Granhoke is traveling with this specimen and explains how they came to find the calf and of the wonderful discoveries that have been made since they brought it into

Make the money you have worked for, work for you.

The above statement is correct.

Wm. H. DONAHUE, Vice Pres.

Attest—F. T. CHANDLER, Cashier.

## WHY NOT BANK THE MONEY YOU WASTE?

Extravagance is sinful—it is waste. If you put that same money in the bank, some day you will be able to indulge yourself in those luxuries without missing the money.

A bank account grows—you will be interested in seeing it grow. You don't need those extravaganzas. You will need that money some day.

Have it safe in our bank.  
We add 4 per cent interest.

### MONEY TALKS

**Electricity on Submarines.**  
All submarines are operated by electricity, as obviously they could not be operated by steam, when submerged. In addition to its use for propulsion, electricity is utilized on submarines for lighting, for fans, for wireless communication and to cook all meals for the crew.

## FOR A BILIOUS ATTACK

When you have a severe headache accompanied by a coated tongue, loathing of food, constipation, torpid liver, vomiting of partly digested food, and then bile, you may know that you have a severe bilious attack. While you may be quite sick there is much consolation in knowing that relief may be had by taking three of Chamberlain's Tablets. They are prompt and effective. Obtainable everywhere.—Adv.

**Business and Collections.**  
Small Gordon is the son of a physician and is fond of being with his father when he types his monthly statements. Meeting him one morning on his way to the mail box with a handful of envelopes, a neighbor called to him: "How is business, Gordon?" To which he replied: "Business is good, but collections is poor."

**Aircraft Standardized.**  
It is less than a score of years since the first heavier-than-air machine successfully carried a passenger into the air. It is less than 15 years since the art of controlling such a craft was imparted by the inventor to another, yet today aircraft have been standardized and factories turn them out with the ease that motorcar builders produce their product.

War Savings Stamps steadily increase in value.
